R-Ladies Istanbul

Data Manipulation with dplyr Package

November 5 - @Binovist

istanbul@rladies.org
hazel@rladies.org
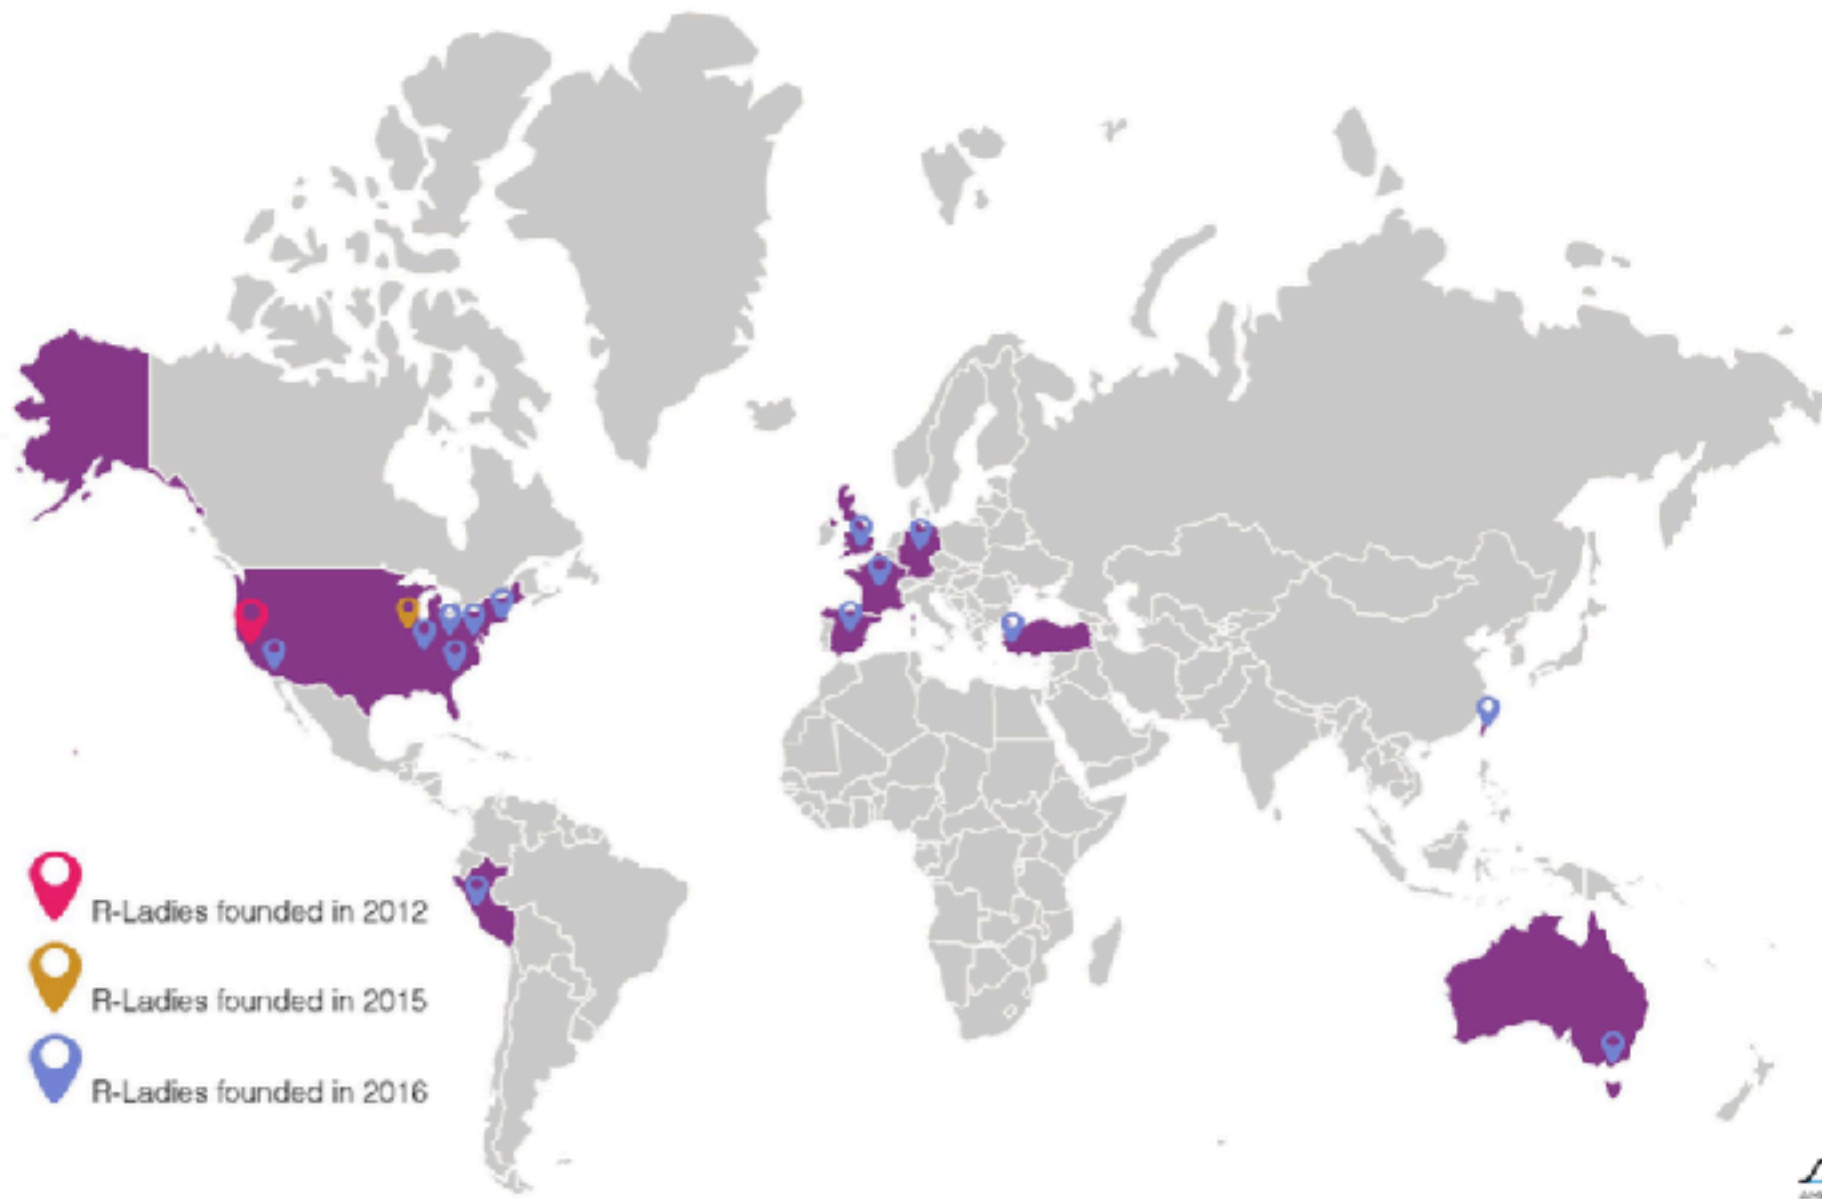

Thank you Gabriella!

- Gabriela de Queiroz founded R-Ladies in SF, in October 2012.
- R-Ladies have recently celebrated their 4th anniversary!

R-Ladies Goals

- Increase the participation of women in the R community
- Create an R woman users and developers database
- Encourage women to write R codes, develop packages and attend to the R conferences as speaker

R-Ladies Global

R-Ladies founded in 2012
R-Ladies founded in 2015
R-Ladies founded in 2016

Current R-Ladies Groups

- San Francisco, California, USA

- Los Angeles, California, USA

- New York, New York, USA

- Boston, Massachusetts, USA

- Research Triangle Park, North Carolina, USA

- Nashville, Tennessee, USA

- Columbus, Ohio, USA

- Twin Cities, Minnesota, USA

- Lima, Peru

- Connecticut, USA

- London, England

- Paris, France

- Madrid, Spain

- Berlin, Germany

- Istanbul, Turkey

- Melbourne, Australia

- Taipei, Taiwan
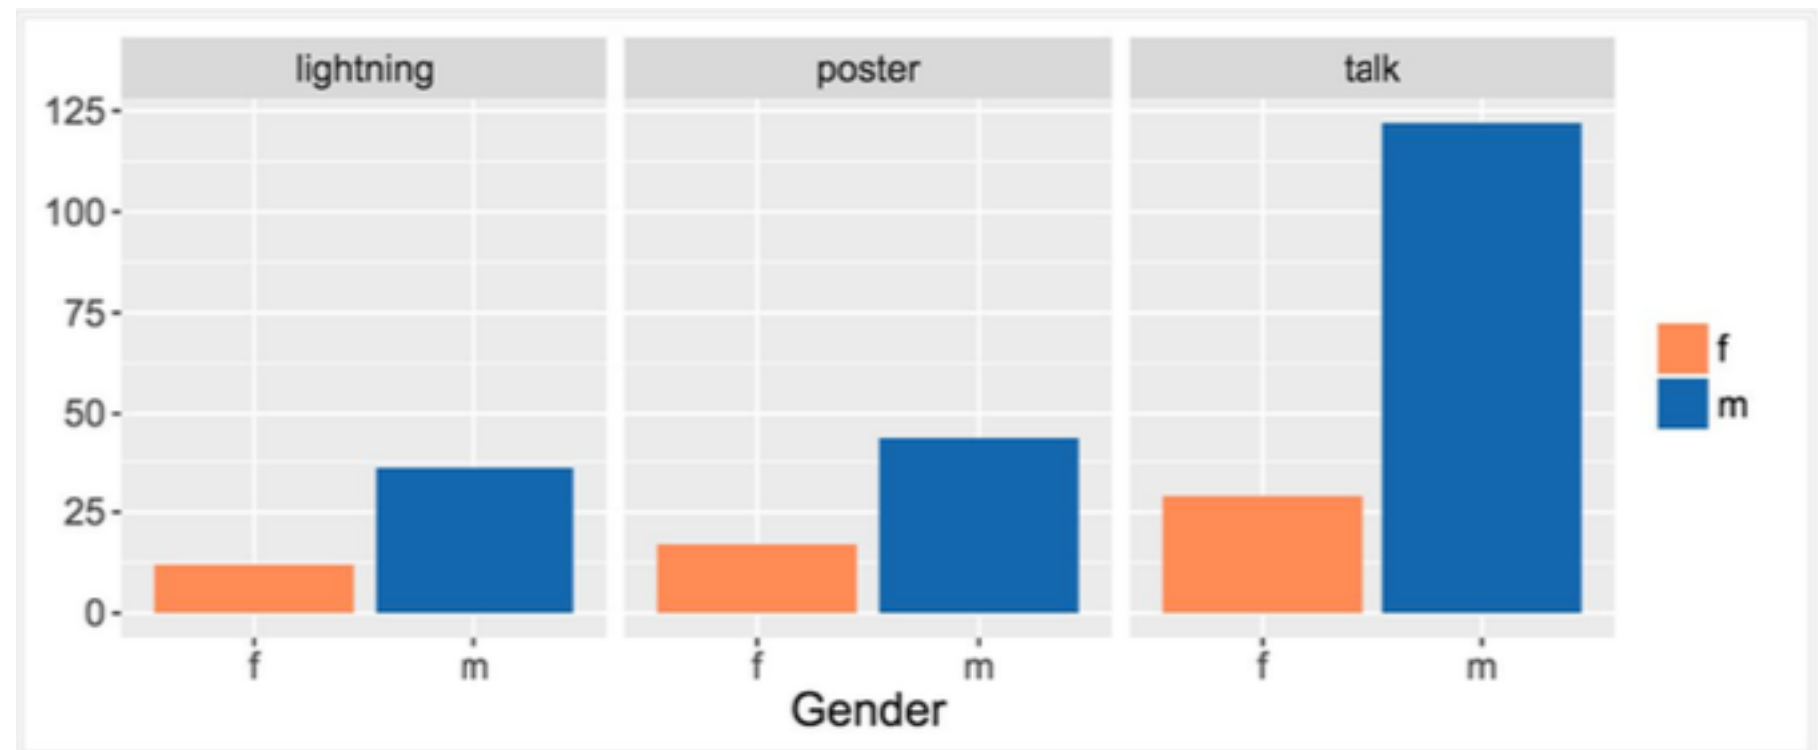

- Barcelona, Spain

- İzmir, Turkey

Gender Statistics

Only ~15% of R package authors are women

(Estimates produced with CRAN package genderizeR, as on March 2016)

Statistics From useR!2016

Statistics for Istanbul

Mostly beginners!

We'll learn together!

(From the survey)

So much curiosity!

(From the survey)

Today's Program

- Data Manipulation with dplyr Package

Hazel Kavılı - *@ZofiatheWitch*

- Connecting to MySQL Databases with R

Mehmet Ali Ekmiş - *@maliekmis*

- Git Essentials

Seyithan Teymur - *@NewSmartFolder*
